

CSPHP Professional Development Hours (PDH)

What is the difference between a Continuing Education Unit (CEU) and a Contact Hour (CH), and how does this convert to a Professional Development Hour (PDH)?

- 1 CH = 60 mins = 1 PDH
- 1 CEU = 10 CH = 600 minutes = 10 PDH

Please note: A minimum of 25% of the total number of PDH required must come from external sources (i.e., sources not affiliated with an employer). For the CSPHP, a minimum of 9 of the 36 required professional development hours must come from external sources (not affiliated with your employer).

Please Note: Where an activity must be specific to SPHM or SPHM related (related to the Nine Core Competencies found in the Certification Handbook), the relationship to SPHM needs to be apparent or you will need to submit a paragraph clearly explaining how this item supports your SPHM role and program.
